Come in and inspect the grades.

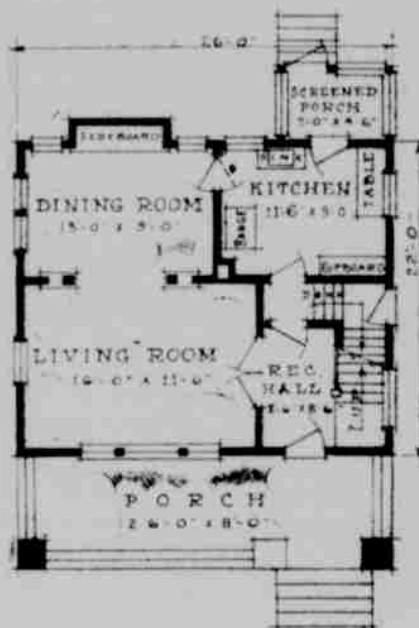

Elwell C-104 Interior

We will furnish blue print plans for this home for you to build it. Our service is complete.

Arkansas Soft Pine

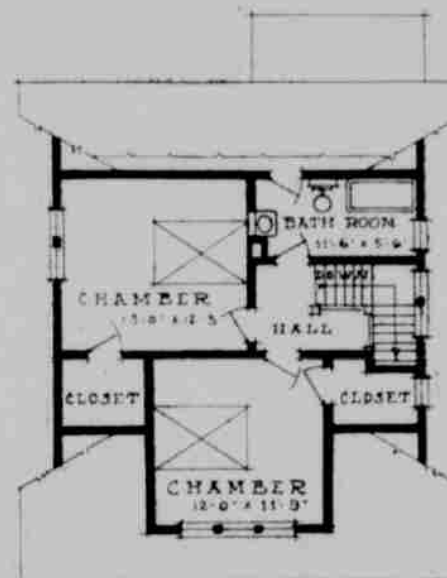

JUST because Alma is in urgent need of homes at this time is no reason why those homes should be hastily or poorly built. A home that will endure is the only kind that causes no regrets. It should be planned right, with future needs in mind, and it should be of good material so that it will always satisfy. The materials which we will furnish with this better built home are subject to your inspection. They are backed by our guarantee. Come in and see our Arkansas Soft Pine trim, which, as you probably know, is as good as can be had.

French doors separate the reception hall from the living room. The hall allows direct passage from the kitchen to the front. The dining room is well lighted. The kitchen is efficiently arranged. You can put a workman's washstand on the back porch.

The kitchen is the housewife's workshop. She should have efficient equipment. This kitchen cupboard, design C-1100, is that. It has a flour bin below on the right, and a cabinet on the left of the handy drawers. Above is an ample cupboard.

Both of the bedrooms in this home are within easy reach of the bathroom. Each has a roomy closet; one closet has a window. Both bedrooms are well lighted, one with a triple window and the other with a double window.

1866
CURTIS
WOODWORK
"The Permanent Furniture for Your Home"

It is the inside of the home that you live with. You should choose your woodwork as carefully as you choose your companions who share your home with you. The beautiful bookcase colonnade and mirrored back sideboard in this home are not extravagant, for they are Curtis Standard Designs. No more money could buy greater value, and less could not buy as much. We include plain red oak in the living room and the built-in sideboard. All items of woodwork bear this mark **CURTIS** which means satisfaction in your Curtis home. It means a beautiful interior and a homelike home.

Bible school at 11:30.

Evening service at 7:30. It will be a patriotic one. The minister will preach a patriotic sermon, and there will be special music.

Tonoline Is Beauty Aid, Announces Specialist

Mildred Louise Talk of Interest to Women.

As health is a first aid to beauty, this story, told by Mildred Louise, beauty specialist, of Boston, Mass., is of unusual interest.

"I can recommend no better health giver than tonoline," said Mildred Louise.

"I was for many months a victim of stomach trouble and nervousness. I had suffered terribly from pains that followed eating. Headaches also would add to my worries. Poor digestion finally brought on nervousness."

"Relief came, however, when I took the advice of several women who said, 'Take tonoline.'"

"Not long after I started the tonoline treatment, my patrons began to remind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face."

"What tonoline really did for me I cannot say. I am so grateful that am very willing to recommend tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common maladies—stomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood—and quickly restores proper action. Tonoline is being explained daily to many people at your druggist's.

Notice—As tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase his weight ten pounds or more. Although many reports are received from those who have been benefited by tonoline in severe cases of stomach trouble and nervous dyspepsia, chronic constipation, etc.
